

## Declaration regarding the efficiency of a shower heat recovery unit

Kiwa Nederland B.V. hereby declares that of the shower heat recovery unit,

**Type** : DSS/Bries Multiple Shower Heat Recovery Unit

**Of** : Bries Energietechnik

**In** : Roden, The Netherlands

of which a sample supplied and installed by DSS/Bries Energietechnik has been tested according to the method described in NEN 7120:2011, appendix B. The measurements have shown that the sample recovers the waste energy in the shower water with an efficiency of:

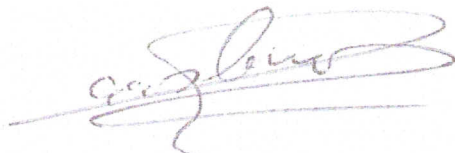

class	Flow (l/min)	Volume (l)	Efficiency (%)	Pressure loss ( $\Delta P$ ) (bar)
4,5,6	12.5	100	43.2	0.06
*	15	100	42.3	0.07**

\*) Beyond tap class standards

\*\*) Interpolated value

Measured pressure loss at a flow of 25 l/min amounts to 0,16 bar

Apeldoorn, 7 November 2012
